INSTRUCTIONS FOR USE

LED Candle Speaker

For best results, fully charge the product before its first use.
1. Connect the USB charging cable (included) to the charging port of the Flameless LED Candle and insert the other end into a port on your computer or similar power source.
2. Red Charging LED Indicator turns on indicating that the battery is being charged. It takes around 3 hours to fully charge the device. When the battery is fully charged, LED Indicator will turn to Green.

Turn On/Off the LED Candle Speaker
Slide the ON/OFF switch to turn on/off the candle. Bluetooth speaker turns on/off automatically, when the candle is turned on/off.

Turn the speaker to Bluetooth pairing mode -
1. Slide the ON/OFF switch to turn on the speaker. This also turns the LED Candle on.
2. You will hear the indication tone, indicating that your speaker is entering the

"pairing" mode.
(Note: Speaker automatically pairs with the previously paired devices)

Pairing your smart phone, tablet etc with the Bluetooth Speaker –

Your **Bluetooth Speaker** can wirelessly stream audio from any Bluetooth enabled device such asn your smart phone, tablet etc within the distance of 26-33 Feet. Simply follow the below steps.

1. Slide the ON/OFF switch to turn on the speaker. This also turns the LED Candle on.
2. You will hear the indication tone, indicating that your speaker is entering the "pairing" mode.
3. Turn on the Bluetooth on your smart Phone or Tablet or Computer.
4. It will search for nearby Bluetooth devices.
5. You'll find this product in the list of scanned devices as "**CANDLE SPEAKER**". Tap on "**CANDLE SPEAKER**" from the list, in order to pair it with your smart phone etc.
6. If required, enter the password '0000' to confirm the pairing.
7. Once paired successfully, you would hear another indication tone.
8. If you fail to pair it within the time frame or you want to pair it with a new source please follows the steps outlined above.

Select your favorite song at the source device (your smart phone, tablet etc) and music would now stream through Bluetooth speaker. All functions, like play/pause/skip forward/skip backward/volume control etc, can be only controlled from the source device.

Do's and Don'ts

Do not play music at excessive levels. Damage to hearing and/or equipment may result.

FCC Instructions

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

NOTE: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures :
- Reorient or relocate the receiving antenna.
- Increase the separation between the product and receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device

must accept any interference received, including interference that may cause undesired operation.
